EDUCATION

V.V.P Engineering College - GTU University

Bachelor of Engineering in Computer Science, Minor in IoT

Rajkot, Gujarat

July. 2023 – June 2027

Kendriya Vidhyalaya School

Higher Secondary Education

Rajkot, Gujarat

April. 2021 – April 2023

VOLUNTEERING AND LEADERSHIP

Anchor

Feb 2025

V.V.P Engineering College

College Auditorium, Rajkot

- Anchored a college farewell event for final-year students, delivering engaging and confident stage presence while maintaining smooth event flow.
- Prepared and executed event scripts, coordinating with multiple teams to ensure accurate timing and seamless transitions.
- Led audience engagement during live sessions to sustain participation and energy throughout the program.
- Collaborated with event organizers, strengthening teamwork, communication and coordination skills.
- Enhanced public speaking and presentation abilities through live hosting and on-stage leadership.

CERTIFICATIONS

Java - Basics

Jan 2026

Hacker Rank

- Gained hands-on experience with core Java concepts including control flow, loops, arrays, strings, basic OOP, and problem-solving through consistent coding practice.

Technology Virtual Experience Program (Forge)

Dec 2025

Deloitte Australia

- Completed a job simulation involving development and coding
- Wrote a proposal for creating a dashboard

PROJECTS

Portfolio | *React.js, TailwindCss, Javascript, Responsive Web Design, Component-Based Architecture*

aug 2025

- Developed and deployed a responsive portfolio website using React.js and Tailwind CSS, ensuring cross-device compatibility and smooth user navigation.
- Implemented a component-based architecture to improve code reusability, scalability, and maintainability.

Project-Management | *React.js, JavaScript (ES6+), Responsive UI, CRUD Operation*

dec 2025

- Built a React.js project management SPA with component-based architecture and responsive UI, enabling users to create, update, and manage tasks effectively.
- Implemented state management and persistent data storage (e.g., localStorage) to maintain application state across sessions and enhance usability.

Student-Performance-Analyzer | *Matplotlib, Data Analysis, DV, CSV Data Handling, EDA*

jan 2026

- Developed a Python-based data analysis project using Pandas, NumPy, and Matplotlib to preprocess and visualize student performance data, identifying subject-wise trends and attendance-performance relationships through bar charts and scatter plots.

TECHNICAL SKILLS

Languages: Java, Python(basic), MySQL, JavaScript, HTML/CSS, Prompt Engineering

Frameworks: React, TailwindCss

Developer Tools: Git, GitHub, GitHub Pages, VS Code, IntelliJ, Jupiter Notebook, Google Colab

Fundamentals: OOPs, Data Structures and Algorithms (Basics), Software Engineering Principles

Libraries: Basics - pandas, NumPy, Matplotlib
